We welcome anyone who would like to join us to share with us
Luka's enthusiasm for cycling ride and to celebrate his life
and mark the fifth anniversary of his tragic death.

Luka, a real bike enthusiast

Whether commuting to work or enjoying the outdoors on a Saturday afternoon, he always preferred to travel under his own steam.... As Spring surrounds us more noticeably every day, Luka would, for sure, have taken to the roads with enthusiasm, and inspired all of us to join him: the roads between Dunham Massey and Tatton Park were some of his favourites when training for the Nantwich Triathlon in 2006.

We can take our time, and all abilities are warmly encouraged. All friends and children are, as ever, more than welcome. Those who want to do the whole round-trip will need to plan for about 3 hours, but of course, a shorter loop will also be possible.

Alternatively, if you feel more comfortable on four wheels and you are coming with small children, join us for a cup of tea/ picnic lunch at Tatton Park around 13:00. Children can enjoy Tatton Park's Adventure Playground (<http://www.tattonpark.org.uk/Attractions/Park/>)

We trust the gathering will be a large and merry one.

We look forward to seeing you there!
